Notes

32-bit FFmpeg is included. Feel free to replace with 64-bit version from here: <http://ffmpeg.zeranoe.com/builds/> (shouldn't affect program, but should probably make conversion a bit faster on 64-bit CPUs)

64BIT<http://ffmpeg.zeranoe.com/builds/>64BIT
FFmpeg.exe

64-bit Builds (Static)

ffmpeg-git-ceb0dd9-win64-staticbinffmpg.exe
